

Michael Agyei

Candidate for President

Faculty of Computing | Level 400

"Innovation starts with us."

ABOUT THE CANDIDATE

Michael Agyei — Computing student, developer, and innovator. I believe GCTU should be the launchpad for the next generation of African tech leaders. My presidency will be defined by bold, technology-driven initiatives that prepare you for the real world.

MANIFESTO HIGHLIGHTS

- Campus tech hub and innovation lab
- Free coding bootcamps for all students
- Industry mentorship programme
- Annual GCTU hackathon
- Digital SRC governance platform

DETAILED POLICY POSITIONS

1. TECH HUB

Establish a fully equipped innovation lab open to all students for building projects, startups, and research. Partner with sponsors for equipment funding.

2. SKILLS DEVELOPMENT

Run free coding bootcamps in Python, web development, and data science every semester. Certificates will be issued in partnership with industry partners.

3. MENTORSHIP

Connect every student with a verified industry mentor. Monthly check-ins, resume reviews, and mock interviews included.

4. HACKATHON

Host GCTU's first annual 48-hour hackathon with prize money, internship offers, and media coverage.

5. DIGITAL SRC

Move all SRC operations online — complaints, suggestions, elections, and reports — accessible from your phone.

GCTU SRC Elections 2025 / 2026 | GT-Vote — Secure. Anonymous. Your voice matters.
